August Newsletter 2023

As you know Hurricane season is gearing up and so is your board, as we are getting bids from Tree Services. We will let you know when they will be on property so if you have personal concerns or questions about trees on your property, they will be happy to give you a bid. 😊

We have had a 3-member board this last year, and would appreciate getting two more names submitted to make your board a 5-member board again. We can add your name now, and get you trained and up to speed by the end of the year when we have elections in January. We hope many residents will consider serving the community, and submit your names, we must have a minimum of 3-members to meet state requirements, but it is much better to have 5-members to fully represent the community and all our concerns. Please send your name, number, address, and qualifications to Andrew at Ameritech as soon as possible, we welcome you and the expertise you can bring to the table 😊

Many repairs on the pool have been required this year in order to meet qualification for the state, and to bring the maintenance up to speed. Pool Medic is who we contracted with, and are happy for the improvement. There has been a great improvement since then. We also have Design Landscaping starting 8/1, and have ended the yearly contract with Liberty. The votes were tallied on July 26th about the Fence, and there was a consensus from the community that they do not approve of going forward with this.

We hope to see many residents at the meeting in September, so you can be fully informed about the pool, budget, new information, and other items of concern. The meetings serve two purposes, one to give correct information (not just word of mouth) and to have fellowship and meet new neighbors. Grab a cool drink and come on out and participate in your community 😊
