

SHADOW RUN NEWSLETTER

We had a great Board meeting on March 25th, with much participation. Thank you to those who attended. Our next board meeting will be on **June 10th** at the Cabana at 6:30, we will be discussing bids for doing paving the roads and an assessment, which will be based on pricing plus what we have in reserves.

We have openings for anyone interested in becoming a Director on the Board.

There is training required for HOA board members that will have to be completed by new members & current Member of the Board as per the state. We **must** have a minimum of three board members but five would be perfect to have good representation of our community.

Remember there is **NO GLASS** allowed at the pool per state regulations & for safety of all residents. Please if you bring food or drinks, take your trash home with you. *There is NO Parking at the pool during day hours from April to October, (after dusk, you may park at the pool for overnight parking.)* Videos will be recording violations.

We have overflow parking available to all residents located off of Sugar Creek, for your use & for visitors. The extra parking spots in the neighborhood are only to be used for visitors during the day. Park your personal vehicles in your own driveway and **do not take up the visitor parking spots in the neighborhood.** Please respect your neighbors, as we have complaints regarding this happening.

We will be doing some work on the trees soon, so if you have a personal need for one of your own trees, Call Panzner Trees for a best price. 352-596-3867 and ask for Manny.

We have complaints that young boys are throwing rocks at birds and wildlife here, and we will not tolerate that. If you have teens in your home, discuss the new state laws forbidding abuse of wildlife as we will report incidents to the police.

There have been complaints of domestic disturbances in the neighborhood that has taken place in the streets, we are registered with the police, so if you see or hear anything call 911. Do not get involved in anything like that for your own safety.
